"We're obtaining customer information we never thought imaginable-best of all it integrates into our existing workflow with Microsoft Office & Outlook"

- Penta Dynamics CRM Client

Microsoft Dynamics CRM is a fully integrated customer relationship management system with tools to enhance your company's sales, marketing, and customer service processes-along with native Microsoft Office Outlook integration.

Sales: Microsoft Dynamics CRM provides easy-to-use features and capabilities to help improve the way sales and marketing organizations target new customers, manage marketing campaigns, and drive sales activities.

Marketing: Have instant access to complete customer information no matter where it is stored, along with the tools needed to turn that information into action.

Customer Service: Take advantage of opportunities to enhance customer relationships while maximizing the ability to both up-sell and cross-sell.
